Глагол "to be" в вопросительных предложениях

В русском для того, чтобы задать вопрос, необязательно менять порядок слов в предложении — достаточно использовать вопросительную интонацию.

Но в английском придется изменить порядок слов.

Не паникуйте, вопросы с глаголом **to be** строятся очень просто: выносим глагол в самое начало предложения и ставим перед подлежащим.

Easy English

Глагол **to be** меняет свое место и ставится в начало предложения.

I **am** right.	**Am** I right?
(Я прав.)	(Я прав?)
It **is** a book.	**Is** it a book?
(Это книга.)	(Это книга?)
We **are** late.	**Are** we late?
(Мы опаздываем.)	(Мы опаздываем?)
It **is** Kate's bag.	**Is** it Kate's bag?
(Это сумка Кейт.)	(Это сумка Кейт?)

Запомните: глагол to be (am / is / are) всегда ставится в начало вопросительного предложения.

Специальные вопросы

Специальные вопросы в английском языке, как и в русском, задаются с целью выяснить какую-то конкретную информацию о предмете или явлении.

Отличительной чертой специальных вопросов в английском является обязательное наличие вопросительных слов. Еще они называются wh-вопросы, потому что начинаются с вопросительных слов.
