Why do we need **to be**?

Глагол **to be** нужен, чтобы:

- 1 сказать, кто мы (профессия, имя);
- 2 сказать, где мы (место);
- 3 описать, какие мы (возраст, состояние, характер).

Например:

I **am** a student. – Я студент.

She **is** at home. – Она дома.

We **are** friends. – Мы друзья.

Important: Вместо color во многих источниках можно встретить colour. Такое написание слова характерно для британского английского и не является ошибочным.

Color – это американский и более международный вариант написания слова. Поскольку color встречается чаще, мы будем использовать именно его. Читаются color и colour одинаково.
